

Preparing for your Virtual Group Consultation

- Post Session Checklist -

1

Post session

- ✓ **Action any patient follow up**

Prescription changes, referrals, disseminate any group or individual resources e.g. useful website, patient info leaflets

2

- ✓ **Record consultation in patients notes**

Create a code for VGC and use any system templates available or develop your own templates

3

- ✓ **Debrief with facilitator**

Review any real time feedback and decide if you need to change anything

4

- ✓ **Send out patient evaluation links**

This will enable you to get more in depth and feedback on patient experience

5

- ✓ **Share your experiences with colleagues and networks**

This is a change in practice for many and your experience and tips will support others to give this a go!
